Wines – There is always a good selection of wines by the glass, available by 125 ml, 175ml or 250ml measures. Our current wines are printed on the bar board. Fortified and sweet wines are sold in 125ml. We may also have other wines, which may be from our current list or samples for consideration.

Cheese – Our policy of buying fresh, local produce whenever possible also extends to the cheese board. Like the wine-list, the cheese-list can never be up to date as there is a constant ebb and flow of varieties. Some are seasonal, either because the cheese makers have gone on a well-earned break, the animals have gone on holiday or there simply isn't the milk available. From time to time we import selected "foreign" cheese from Dorset, Somerset and even Cornwall!
